

Product: **MULTITEX**

Compilation date: 07/01/2013

0. INTRODUCTION

This document provides a Material Safety Data Sheet (MSDS) for nonwovens on a voluntary basis. The MSDS is a means of transferring essential hazard information (including information on transport, handling, storage and emergency actions) from the supplier of a nonwoven product to the recipient of the product. As nonwovens are generally not hazardous, MSDS is not legally requested but must be considered as an information. It is based on the EC recommendation for MSDS (Commission directive 93/112/EC of 10 December 1993).

This information contained in this Material Safety Data Sheet has been developed by EDILFLOOR S.p.A. on the express request of its customer and to the best of its knowledge. Therefore, the Company does not assume any liability with respect to the correctness and/or completeness of the information provided by this Material Safety Data Sheet. The customer in particular shall not be released from his duty to check all safety relevant properties of the delivered nonwovens and to refer to the official texts for full information on the local obligations.

1. Identification of the product and the company

Product name:: MULTITEX
Description: Nonwoven geotextile
Producer: EDILFLOOR S.p.A.
Address: Via L. Da Vinci 15 I - 36066 SANDRIGO (VI)
Phone: +39 444 750 350
Fax: +39 444 657 246
E-mail: info@edilfloor.com
Web: <http://www.edilfloor.com>

2. COMPOSITION

Nature of the fibre: PES / PP
Binder: None
Additives: None

3. FIRST-AID MEASURES IN THE EVENT OF BURNING ITEM

Inhalation: Fresh air inhalation
Skin contact: Medical intervention
Eyes contact: Fresh water irrigation
Ingestion: Medical intervention

4. HAZARDS IDENTIFICATION

No hazardous product under normal conditions.

5. FIRE-FIGHTING MEASURES

Suitable extinguishing media: all extinguishing media are suitable
Extinguishing media not to be used: None
Special exposure hazard: In the event of fire, mainly carbon dioxide (CO₂), carbon monoxide (CO) and small amounts of other undetermined decomposition products may be generated. For flammable and toxic fumes as well as skin contact with molten materials see § 10.
Special protective clothing for fire-fighter: in event of fire, wear self-contained breathing apparatus.

6. ACCIDENT RELEASE MEASURES

Not applicable.

7. STORING AND LAYNG

Normal requirements

8. EXPOSURE CONTROLS/PERSONAL PROTECTION

Dust may be generated during mechanical processing (cutting, stamping, grinting, etc.) of the nonwoven. The workplace should have a suck-off equipment or at least should be properly ventilated

9. PHYSICAL AND CHEMICAL PROPERTIES

Appearance:	Rolls
Odour:	None
pH value:	Not applicable
Fusion point:	260° C
Melting point:	220° C
Flammability:	Not existing
Autoflammability:	Not existing
Explosive properties:	Not existing

10. STABILITY AND REACTIVITY

No particular conditions to avoid:

11. TOXICOLOGICAL INFORMATION

No toxic reaction known under normal conditions.

12. ECOLOGICAL INFORMATION

For transportation, storage, normal use, no toxicological effect known.

13. DISPOSAL CONSIDERATIONS

As non hazardous solid waste, depending on local registration, nonwovens can be disposed of through: Recycling, Incineration, Landfill.

14. TRANSPORT INFORMATION

No specific request

15. REGULATORY INFORMATION

None

16. OTHER INFORMATION

None.
